

Do you qualify as a Petland Breeder?

- Do you maintain an immaculate kennel?
- Do you breed animals ethically and under industry approved guidelines?
- Do you warrant that your animals are free from hereditary and congenital defects?
- Do you allow scheduled and non-scheduled inspections of your facility?
- Do you provide a reference from your veterinarian and copies of health and vaccination certificates?
- Do you provide veterinary documentation confirming formal health clearances for both parents?
- Do you insist that your puppies go to only the best homes?

**If you answered yes to all of these questions,
please contact our Breeder Liaison
Phone number 250-748-3678**

Petland will:

- Care for your animals at clinical standards and under veterinary supervision
- Provide love, care and socialization during the adoption period
- Prescreen potential adoptive families, including a comprehensive adoption questionnaire
- Provide the family with a complete training and core information package
- Guarantee the pet's health to the adoptive family
- Guarantee that the pet will never wind up in an animal shelter

PETLAND PETS MAKE LIFE BETTER!™
